

The Mayor's Community Awards

2010

JUDGING CRITERIA

All nominees should be:

Outside the employment of the Council (as RBK Staff Awards are in existence).

Someone who has given up their own time and without prompting offered to help other people or the community?
Please note that Awards will not normally be given to individuals who are employed to perform a specific community role as these Awards are intended to recognise individuals who give up their own time to help others. Nominations will continue to be considered in exceptional circumstances, particularly if the individual does other voluntary work or satisfies other criteria set out below.

They should also satisfy one or more of the following criteria:

Someone whose service to the Community is worthy of special recognition.

Someone who deserves recognition for their supreme effort, strength, bravery or achievement.

Someone who has achieved something, which benefits the neighbourhood or even the whole of our Borough?

All nominations need to be received by the entry deadline, which is Monday 1st February.
