

# **IS YOUR MEMORIAL SAFE ?**

**How old is your memorial ?  
Have you ever had it checked ?  
Memorials should be checked regularly.**

**Do you know that as grave owner you are responsible to ensure the memorial is safe  
and in good condition.**

**Most stonemasons will be pleased to inspect your memorial and produce a free  
quotation for renovation work if required.**

**If you are not the grave owner you may still be able to arrange for necessary works  
to be carried out to ensure that the memorial on the grave you visit will be safe.**

**It may also be a good idea to insure your memorial against accidental damage.**

**For further information please call in or Tel: Kingston Bereavement Services 020 8546 4462.**
