

Benefits help

Not sure about welfare benefits?

We can help you, free of charge, by:

- Visiting you in your own home when it suits you
- Completing a full benefit entitlement check
- Answering your questions about your benefits
- Helping you to fill in application forms for new benefits
- Telling you about other services that are available.

We help people over the age of 60 living in the Royal Borough of Kingston and people under 60 referred to us by Kingston Social Services.
