We are in the office every Monday. Our new office is located at the back of the Causeway Centre. Entrance through the rear car park.

Cocks Crescent
New Malden

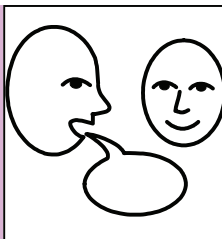

Service User Parliament

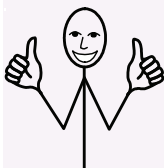

Representing People with Learning Disabilities in Kingston

We want to make sure that people with learning disabilities are asked about decisions that affect them.

Nothing about us without us

"Valuing People" asked service users what they think. They said that "all services should include people with learning difficulties properly in everything they do. This is not just one person as a token, but several people who can support each other."

What's happening in Kingston?

In Kingston we have a Service User Parliament. There are 10 people with learning disabilities in the Parliament.

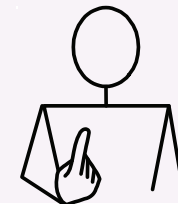

We live in different parts of the borough and use a range of services.

What does the Parliament do?

We want to make sure that service users are involved in all decisions.

We want to make sure that YOU are listened to and have YOUR say.

What's important to you?
We will listen!

The Partnership Board is where managers, carers, staff and service users meet to talk about developments in services. If the Partnership Board are making a decision, we can find out what other service users think. We can then tell the Partnership Board what service users want.

We will hold Forums. These are meetings where we can share information.

- ♦ What do you think of the service you receive?
- ♦ What would you like to happen?

If you can't come to us - we'll come to you!
