### Communities and Local Government

#### INTRODUCTION: WHAT IS SUPPORTING PEOPLE?

Supporting People aims to make sure people get the housing-related support they need to live more independently, avoiding life in a care home or hospital, for example, or life on the street. It gives housing-related support to more than 1.2 million people, helping them to make a success of their tenancies, or to move to independent living from other places such as prison or hospital.

The Supporting People programme was launched on 1st April 2003 to replace the old arrangements under Housing Benefit. It is for anyone who needs support to live more independently. For example, someone who has:

- been homeless
- been in prison
- drug or alcohol problems
- mental health problems
- HIV/AIDS
- learning difficulties
- physical or sensory disability
- been at risk of domestic violence
- difficulty coping because of their age (such as older people, teenage parents or young people at risk of offending)
- come to the UK as a refugee
- a history of tenancies breaking down.

The Supporting People programme covers only housing-related support services, for example, help with life skills such as cooking, paying bills or budgeting, which is part of living independently.

### USER GUIDE: HOW TO FIND THE SERVICE YOU WANT

If you do not have access to the internet, and you want to find a support service either for yourself or someone else, this document is for you. It provides information on housing-related support services in Kingston upon Thames.

To make it easier for you to find the service you need using this directory, we have grouped the services in different ways. For example, you can search for a service by the length of stay you want, by the client group or by the type of service on offer.

To find all the different ways we list services in your chosen local authority, please turn to the Contents on page 2. If you know the name of the service you want, simply look it up in the complete list of services by name. If you know the type of accommodation you are looking for, search in that list and so on.

Each list will include all the relevant services. Find the service(s) you are interested in and turn to that page.

You will also find a list of all the services in the local authority, in alphabetical order.

You can find information on housing-related support all over the country on our website, by visiting [www.spdirectory.org.uk](http://www.spdirectory.org.uk). This website provides information on support services in 150 local authorities across the whole of England.
