Introduction

The Sport and Recreation Service provides support for schools to deliver and access PE and sport opportunities in three ways:

- Through advice on and/or implementing specific sport and recreation development schemes that deliver local, regional and national strategic objectives for sport
- Through the Schools Sports Partnership to deliver Continuing Professional Development (CPD) in PE and sport for teachers and adults other than teachers working in schools
- Through the School Sports Programme

Costs for general advice, pump priming and some introductory schemes are met from Service funds. Some CPD courses are free; others require payment – depending on the organisation funding the schemes.

Core Service

The Active Kingston Team offer a comprehensive service to schools. This includes:

- Assemblies/classroom visits on sports opportunities in the borough available to children and young people
- Sports development, project organisation and funding and advice on new sport and recreation initiatives
- Borough Sports Awards
- Tournaments, competitions and coaching opportunities
- Local, Regional and National sports initiatives
- Community Sports Coaches Programmes, including after school clubs

If you wish to discuss any of these services please contact the Active Kingston Team on 020 8547 5207.
