

Appendix One: SHLAA/HCS 2009 Approvals and Allocations

AP 1.1 This site list provides information on approved and allocated sites, which have been identified in the study as future housing sites.

AP 1.2 Approved housing sites are sites which already have planning permission for development. Allocated housing sites have been allocated in development plans or publicly identified by the boroughs as sites for housing. The capacity identified for allocated sites is based on the outputs of the SHLAA/HCS system and may not reflect the exact yield of a site, should it come forward for development. The identified capacity on Approved sites has been taken from the London Development Database (LDD). Further information on any of the sites listed should be sought from the relevant borough.

LONDON BOROUGH	ADDRESS 1	ADDRESS 2	SITE CLASSIFICATION	SHLAA/HCS IDENTIFIED CAPACITY	ESTIMATED COMPLETION PHASE
Barking and Dagenham	Sterling and Wantz Industrial Estate	Manchester Way	Allocation	136	Phase 5
