“This year I have chosen to fundraise for Momentum; a local charity that supports children with cancer and other life-limiting conditions and their families. I’m an enthusiastic supporter of a number of different charities based at Kingston Hospital and, over the years, I’ve seen what Momentum has achieved and also heard how much it has helped and supported local families through such difficult times. I’m hoping that raising awareness of the work it does and helping it with fundraising this year will mean many more local families benefit from the support Momentum is able to provide in the future”

The Mayor, Councillor Geoff Austin

A special thanks for their kind sponsorship/support:
