

APPLICATION WITH A VIEW TO REGISTRATION OR APPROVAL UNDER THE EU FEED HYGIENE REGULATION (183/2005)

To: *London Borough of Sutton/Royal Borough of Kingston

(*delete as appropriate)

I am applying for the following premises to be **registered/approved** [**delete as appropriate**] under the above legislation. The information required is set out below:-

1. Name or Business name of the Feed Business to which this application relates:

Name:

Business Name:

2. Address and association details of the Premises where the activity requiring registration or approval is undertaken or to be undertaken:

Address:

Telephone No: |
E-mail: |

3. Activity or activities carried out on the Premises (please use the code and activity descriptions shown in Annex):

Code: |
Activity: |

4. Applicant details:

Name: |

Address (only complete if different to the address indicated in at 2 above):

Signature of Applicant: |

Date: |

ANNEX

**EU FEED HYGIENE REGULATION (183/2005)
Approval and Registration Activities**

A. Approval Activities

Code	Activity description	Notes
	<u>Manufacture and/or placing¹ on the market of certain feed additives</u>	
A1	Manufacture and/or placing on the market of nutritional additives.	This includes: vitamins, pro-vitamins and chemically defined substances having a similar effect; trace elements; amino acids, their salts and analogues and urea and its derivatives.
A2	Manufacture and/or placing on the market of zoo technical additives: Digestibility enhancers, gut flora stabilisers and substances which favourably affect the environment.	This includes enzymes and micro-organisms.
A3	Manufacture and/or placing on the market of antioxidant additives with a maximum content in feeds specified in EU Regulation 1831/2003.	This covers propyl gallate, octyl gallate, dodecyl gallate, butylated hydroxyanisole (BHA), butylated hydroxytoluene (BHT), ethoxyquin.
A4	Manufacture and/or placing on the market of colorant additives: carotenoids and xanthophylls.	
A5	Manufacture and/or placing on the market of proteins obtained from micro-organisms belonging to groups of bacteria, yeast, algae and lower fungi.	These products were previously covered by Council Directive 82/471/EEC on Certain Products (Bioproteins) which has been revoked. They are now considered to be feed materials.
A6	Manufacture and/or placing on the market of co-products of the manufacture of amino acids by fermentation.	These products were previously covered by Council Directive 82/471/EEC on Certain Products (Bioproteins) which has been revoked. They are now considered to be feed materials.

1 These activities cover premises that both manufacture and place such products on the market (sell) and also those premises that do not manufacture but buy and sell products.

Manufacture and/or placing on the market of premixtures containing certain feed additives (1)

A7 Manufacture and/or placing on the market of premixtures containing vitamins A and D.

A8 Manufacture and/or placing on the market of premixtures containing copper and selenium.

R. Registration Activities Code

Activity description

R1 Manufacture and/or placing on the market of feed additives (other than those subject to approval)

R2 Manufacture and/or placing on the market of premixtures (other than those subject to approval)

R3 Manufacture and/or placing on the market of bioproteins ("certain products") not subject to approval.

R4 Manufacture of compound feedingstuffs (other than those subject to approval).

R5 Placing on the market of compound feeds.

R6 Manufacture of pet foods

R7 Manufacture and/or placing on the market of feed materials.

Notes

This includes preservatives, emulsifiers, stabilisers, thickeners, gelling agents, binders, anticaking agents, acidity regulators, antioxidants (not subject to a maximum permitted level), silage agents, denaturants, substances to control radionuclide contamination, colourants (except carotenoids and xanthophylls).

This includes premixtures containing any feed additive excluding vitamins A and D and copper and selenium.

This includes ammonium salts, and certain killed yeasts cultivated on substrates of animal/vegetable origin.

This includes the manufacture of complete and complementary feeds, with or without additives.

Covers premises engaged in the buying and selling of compound feeds but not manufacturing such feeds.

Includes the manufacture of complete and complementary feeds with or without additives.

Feed materials are products which are intended as ingredients of compound feeds or which can be fed singly to animals (e.g.
