ROYAL BOROUGH OF KINGSTON UPON THAMES PERMANENT PITCH STREET TRADING LICENCE APPLICATION PACK

Why you need a licence

Kingston Council has adopted the London Local Authorities Act 1990 (as amended).

Section 21(1) of the 1990 Act defines Street Trading as being 'the selling or exposing or the offering for sale of any article, and the purchasing of or offering to purchase any ticket, and the supplying or offering to supply any service, in a street for gain or reward'.

The same Section of the Act defines 'street' as 'any road or footway and other area within 7 metres of any road or footway, to which the public have access without payment'.

In general, the selling of goods or the provision of services taking place in the street or up to 7 metres distance from the public highway, will require a Street Trading licence.

If you wish to become a street trader, you need to apply for a Street Trading Licence.

Street Trading Licences are granted by local authorities to allow members of the public to set up small businesses and trade from the public highway. The legislation governing street trading seeks to regulate this trading environment to allow fair and open practices for both shoppers and traders alike.

This application pack is for **Permanent Pitch Street Trading licences only**.

Before you apply, you should consider the following:

Parking and/or highways restrictions

The granting of a street trading licence does not permit road closures or suspension of parking bays. Applications for road closures and/or suspension of parking bays will need to be made separately to the Council's Highways Department and will incur separate fees and charges. If you wish to trade from a pay and display bay, or a site with any other parking restrictions, you should contact the Council's Highways Team (younes.hamade@kingston.gov.uk) before making any application for street trading permit.

Trading in parks and green spaces

If you are considering trading in one of Kingston's parks or open spaces, you must first of all contact the Parks and Open Spaces team and obtain their approval. Please email environmentteam@kingston.gov.uk and only submit an application for a street trading licence once you have obtained their permission to trade in the desired location.

Site suitability

Different sites will be suitable for different types of trading. For example, when seeking to trade in an area with high pedestrian footfall, a large vehicle may not be suitable, whereas a small coffee bike might be.

When considering making an application for a street trading site, you should keep the following in mind:

- Would trading ensure unobstructed access and suitable passing width for emergency vehicles?
- Would trading cause an obstruction to existing street furniture or street scenery. For example bike racks, seats and benches, advertising hoardings or road signage?
- Would trading leave sufficient space for pedestrians passing, particularly those using pushchairs and wheelchairs? (In heavy footfall areas you should leave a minimum of 2m, with 1.5m for passing required in lower footfall areas)
- Is the site easily accessible, for example would you need to mount a kerb in a vehicle to access it, is it gated?
- The residential or commercial nature of the area. For example vehicles using loud generators or producing strong odours are likely to encourage complaints when trading for extended periods in close proximity to residential dwellings
- Is there sufficient space for customers to safely queue without causing an obstruction?
- All vehicles and stalls must be removed at the end of the trading day, do you have a safe route away from your pitch, bearing in mind any timed restrictions such as rising bollards?

Products/services offered

The Council will consider the suitability of the proposed street trading site in relation to the existing retail outlets (including existing street traders), with the aim of ensuring a balance is kept between encouraging new street trading and protecting the amenities of the neighbourhood. If you are seeking to obtain a licence to sell coffee and

pastries for example, you should consider the availability and number of existing outlets in the vicinity of your desired pitch offering the same product range.

Application process

You can apply for a Permanent Pitch Street Trading licence for a specified location within the borough in certain designated streets. These locations are detailed in the Council's Street Trading Policy. Before you apply, you must ensure you are able to comply with the Standard Conditions set out on pages 3 and 4 of this application pack.

Applications must be submitted at least **five weeks** in advance of a licence being granted, and do not automatically grant permission to trade.

Your application must include:

- 1. Application form fully completed see below
- 2. Payment of licence application fee see schedule of licensing fees on www.kingston.gov.uk
- 3. Copy of Public Liability Insurance for at least £5 million
- 4. 2 passport size photographs
- 5. Scaled plan which shows the location that you wish to trade from.

Failure to enclose the correct documentation and payment will delay the application process.

It is very important that you read and understand the standard conditions attached to Permanent Pitch Street Trading licences (see pages 3 and 4). Please only apply if you are confident that you can comply with these conditions. If you are unsure about any condition, please contact the Licensing team on 0208 547 5080 or by email at licensing@kingston.gov.uk.

On receipt of your application a licensing officer will contact you to acknowledge receipt. If necessary, the officer will visit the proposed site and assess the area to determine its suitability. Your application will be subject to a consultation period of 28 days. During this period, a public notice will be displayed at the site applied for. In addition, the Licensing Team will consult with the following stakeholders:

- o Council's Highways, Planning and Pollution Teams
- Metropolitan Police
- Transport For London (if the location is on a TfL managed highway)
- Equalities Officer / Kingston Centre for Independent Living

Decisions

Any contested application will be determined by the Licensing Sub Committee at a hearing that you will be invited to attend. Your application can either be granted, granted with added conditions or refused. Under Section 30 of London Local Authorities Act 1990 (as amended), there is a right to appeal the Council's decision to a Magistrates' Court acting for the area in which the licence street is situated.

Complaints

If you are unhappy about the way your application has been handled, or you are not satisfied with the final decision, you may wish to complain to the council.
