### **EXPERIMENTAL CYCLE FACILITIES EWELL ROAD, SURBITON (PHASE 2) (KINGMAP005)**

**THE KINGSTON UPON THAMES (FREE PARKING PLACES, LOADING PLACES AND  
WAITING, LOADING AND STOPPING RESTRICTIONS) (AMENDMENT NO. 55)

EXPERIMENTAL TRAFFIC ORDER 2021**

**THE KINGSTON UPON THAMES (PRESCRIBED ROUTES) (AMENDMENT NO. 30)  
EXPERIMENTAL TRAFFIC ORDER 2021**

### **STATEMENT OF REASONS**

The Council is constructing Phase 2 of Cycleway C29 on Ewell Road (between Browns Road and Tolworth Broadway), a key element of its cycling strategy to increase the amount of cycling in the borough especially for young, old and inexperienced cyclists. The innovative measures being introduced, to the latest cycling standards, require an experimental approach as adaptations/amendments may be necessary during the experimental period.

To facilitate the introduction of the Cycleway, and to ensure adequate parking facilities are available, it is necessary to make changes to existing kerb-side restrictions in Ewell Road, (between Browns Road and Tolworth Broadway), and in the lower section of King Charles Road, Douglas Road and Worthington Road (at the junctions with Ewell Road).

It is also necessary to remove the existing southbound bus lanes from Ewell Road to accommodate the cycle lanes / routes.

Additionally, it is considered desirable to reverse the direction of the existing one-way working in the lower section of King Charles Road (north of Ewell Road), and in the length of Ewell Road fronting No. 363a Ewell Road).

In due course the Council will consider whether or not to retain the experimental Traffic Orders on a permanent basis.
